**Attached is my request for waiver of the assessed late filing fee of \$700:**

September 17, 2021

To: Executive Secretary

Louisiana Board of Ethics

I hereby request a waiver of late filing fees in the amount of \$700.00.

I was of the belief that the lobbying expenditure report for this period had been submitted timely, but was informed more two weeks after the deadline that it had not. In past months, when my report was late, I had been informed within two or three days of the late filing.

None of my reports for many years has shown a reportable lobbying expenditure. As a policy matter, I do not make expenditures that must be reported under statutes and lobbying rules.

The late filing fee is inordinately burdensome and unreasonable in the premises. For two years, I have not had any income from lobbying. There is no way that I can possibly pay the amount demanded.
